

Alexandria Gazette

VOLUME CVI.—NO. 167.

ALEXANDRIA, VA., MONDAY EVENING, JULY 17, 1905.

PRICE 2 CENTS.

DO YOU FEEL THIS WAY.

Do you feel tired out? Do you sometimes think you can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at night unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to force ahead the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your sluggish liver to work. It will get every vein in your body and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about speedy recovery in 98 per cent of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. He is the pit of the stomach which was so violent I could not walk straight. It would grow more severe until it caused waterbrash and vomiting of a slimy yellow water. A physician told me I had a form of dyspepsia and treated me for about six months with but little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some better but only for a short time. I then tried another one, who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year and I felt much better, but it did not last. I then took to using several widely advertised patent medicines, but received no more than temporary relief. I then tried Dr. Pierce's medicine, using his "Golden Medical Discovery" and the "Pleasant Pellets," and in two months' time I was feeling better than I had for years before.

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam escaping the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Eighteen years prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Watt's discovery. It is a tiny germ which exists in the life from the roots of human hair.

Newborn's hair is the germ of this germ and consequently restores the germ to its natural state.

It is by leading druggists. Send 25c. in stamps for sample to The Herpicide Co., 100 Mich.

E. S. Leadbeater & Sons, Special Agents.

Alexandria Gazette.

PUBLISHED DAILY AND TRI-WEEKLY AT GAZETTE BUILDING, 310 & 312 PRINCE STREET.

TERMS: Daily—1 year, \$5.00; 6 months, \$2.50; 3 months, \$1.25; 1 month, 43 cents; 1 week, 10 cents.

Contract advertisers will not be allowed to exceed their space unless the excess is paid for at transient rates, and under no circumstances will they be allowed to advertise other than their legitimate business in the space contracted for.

Resolutions in memoriam, of thanks, tributes of respect, resolutions adopted by societies or persons, unless of public concern, will only be printed in the paper at advertising rates.

[Entered at the Postoffice at Alexandria, Virginia, as second-class matter.]

More Labor Trouble.

A serious riot was narrowly averted last night between union and nonunion teamsters in Chicago. Nearly a hundred nonunion teamsters, who have taken the place of the strikers, have been living in the vicinity of the union headquarters. Last night when the union men were leaving Bricklayer's Hall they encountered some nonunion drivers. A general fight was soon in progress. Clubs and bricks were being used indiscriminately and several shots were fired, but the police who had been summoned when the trouble commenced, arrived in time to prevent bloodshed. It was necessary to make several arrests, however, before the opposing factions could be separated. Later in the day another disturbance was furnished by the delegates to a meeting of the Chicago Federation of Labor. Dissatisfaction over the manner in which the election of officers of the federation was being carried on brought about the trouble. During the disturbance revolvers were drawn and the ballot boxes were destroyed. Michael Donnelly, president of Amalgamated Burchers' Union, was severely beaten by the rioters and was taken unconscious from the hall. Many other persons were cut and bruised, but Donnelly was the only one who received serious injury. It was necessary to call the police to restore order before the voting could be resumed. The express drivers, formerly employed by the seven railway express companies, will remain on strike for the present, at least. This was decided on yesterday by the members of the express drivers' union when a referendum vote was taken on the proposition of calling off the strike. The decision to continue the struggle was carried by a majority of forty-two votes.

Head-on Collision.

A head-on freight wreck occurred on the Norfolk and Western at 3 o'clock yesterday morning at Midvale, a short distance north of Buena Vista. Walter Hite, fireman, and Brakeman V. L. Dene were killed outright, both being mangled and scalded to death by escaping steam. Engineer James Buck, of Harrisburg, Pa., was badly scalded and his condition is very serious. E. E. Argenbright and C. E. Kohler, of Roanoke, were slightly injured, being cut and bruised. Foreman Henry Mason, of Roanoke, was scalded and otherwise injured and there is doubt as to his recovery. The two trains met on a sharp curve. Both were "double-headed," one being a southbound extra and the other running as second No. 86. The trains were running at a rate of 20 miles an hour and neither crew saw the approaching engines until they were within 50 yards of each other. No one had time to jump. The shock was so great that a dozen cars in each train were telescoped, crushing to death the front brakeman and one fireman. Death was instantaneous, as the escaping steam from the locomotives literally roasted the victims to death. The accident was apparently due to the fact that Engineer Buck and his crew overlooked orders. The property damage was comparatively light, not a single one of the four engines leaving the track, but a dozen wrecked cars were piled up in heaps. Midvale is 64 miles north of Roanoke. The northbound freight train had orders to wait at Midvale for a southbound extra freight, but the orders, it is alleged, were disregarded by the northbound crew.

Soldier Murdered.

At a very early hour yesterday morning Private Patrick Cummings, of Company E, United States Engineer Corps, was murdered by Hayes Donaldson, of Baltimore, at a small landing place on Curtis Creek, in Anne Arundel county, Md., about ten miles from Baltimore. The murderer escaped, notwithstanding his having been beaten into insensibility and left on the wharf for dead by Cummings' companions. Cummings and a number of other soldiers were returning on a launch that plies on the creek from Baltimore to the rifle range at Glen Burnie, where their company is stationed. Donaldson, who was one of several civilian passengers, is said to have created a disturbance by criticizing the army, and when he reached the wharf of the farm where he is employed, told the engineer of the launch to wait. Procuring a double-barreled shotgun, he returned, jumped into the launch, and fired both barrels, apparently at random. Cummings was the only one hit, and his companions did not know that he was killed until after they had thrown Donaldson to the wharf, beaten him into unconsciousness, and returned to the launch. His senses having returned, Donaldson fled, and has not yet been captured. Cummings was a native of New Jersey.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of special benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of its bad after-effects. E. S. Munday, of Henrietta, Tex., writes, "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At E. S. Leadbeater & Sons drug store, price 50c, guaranteed."

DR. MOFFETT'S TEETHINA

(TEETHING POWDER)

Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo.

Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.

Joins the Church of Rome.

Mrs. Launt Thompson, sister of Henry Codman Potter, Episcopal Bishop of New York, widow of the celebrated and erratic sculptor, was received into the Roman Catholic Church a few days ago at Florence, Italy. That the talented and brilliant daughter of Alonzo Potter, Bishop of Pennsylvania, and the niece of Horatio Potter, Bishop of New York, had been converted to Roman Catholicism was not known even to her most intimate friends in Florence, where she has long resided with her daughter Florence. She made solemn adjuration of Protestantism in the ancient Church of San Piero Gattolino, and this was followed by her confession and confirmation. The Archbishop of Florence graced the ceremonies with his presence; they were conducted by Rev. Giovanni Bonardi, rector of the church, one of the oldest in Florence, which Dante mentions in his "Divine Comedy." Mrs. Thompson is now a member of the parish of San Piero Gattolino, and she has given a handsome sum of money to the rector to be distributed to the poor of the parish.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Gibson & Timberman and W. F. Creighton & Co.

The pills that act as a tonic, and not as a drastic, are DeWitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation." Good for either children or adults. Sold by W. F. Creighton, 401 King Street, and corner of Queen and Patrick streets.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
